

Enrollment Paperwork Requirements

The following items are required for the enrollment process of every scholar. Parents must provide Purpose Prep with copies of these items along with the Purpose Prep enrollment packet during orientation or before the first day of school.

- Scholar's birth certificate
 - A birth certificate is among the requirements for registration. This document serves as proof of identity and age. This assures that the student is who parents say they are and will be placed in the correct grade level based on age.
 - Birth certificates also identifies the legal parents. Only a legal parent or guardian can enroll or withdraw a child from school.
- Scholar's immunization record (**Please check to ensure your doctor's office has marked the "D" at the bottom and it is signed or stamped.**)
 - A marking of "D" indicates that the scholar has received immunizations that are required for Kindergarten through 6th grade.
- Immunization exemptions: **If the student does not receive immunizations due to religious beliefs or medical concerns please ensure the following:**
 - **Religious:** Parents must submit a letter advising of their choice not to allow their child to be immunized due to religious preference. This letter must be dated and signed by the parent or guardian. **Parents are still required to submit proof of an up to date physical.**
 - **Medical:** If the child does not receive immunizations due to medical concerns, parents must submit a letter from the child's medical provider.
- Davidson County residence is the only criteria for attending Purpose Prep. Parents/Guardians must submit two pieces of mail received within the last 30 days with current address. A valid state ID can also suffice as proof of residence if it states current mailing address.
 - e.g. current utility bill, state ID with current address, first page of rental or mortgage contract, Paycheck stub. Etc.
 - If you are currently living with family or friends, you can submit a notarized letter from them as proof of address. The letter must have the address, name of person you are staying with and your relationship.
